DASH IS CRYPTOCURRENCY

INSTANT TRANSACTIONS

With the help of InstantSend you can send money instantly, even to another part of the globe

ANONYMOUS MONEY

Want to buy anonymously? By using PrivateSend feature, there's no way to track any purchase you make

SECURE PAYMENTS

DASH is using X11 encryption algorithm: 11 sequential hashes. Reliable like a Swiss bank!

Cryptocurrency is extremely reliable due to Blockchain technology. All of the participants have an ability to check information about transactions which eliminates fraud.
