

# Get DASH! Northbay

[www.getdash.cash/meetup](http://www.getdash.cash/meetup)

**Get DASH!** Northbay is a fun, free local Meetup group for anyone interested in learning how to get their hands on some DASH - The World's Best Digital Cash!

**Maybe You've Heard of Bitcoin - Well DASH -- is Bitcoin, Done Right!**

With a current Market Capitalization of over **40 Billion Dollars** and climbing rapidly each day (Source: [CoinMarketCap.com](http://CoinMarketCap.com)) the exploding new CryptoCurrency market is certainly here to stay.

Come learn how to get your first DASH Wallet, how to get some DASH *into* that wallet, and how easy it is to use DASH as a nearly instant, modern form of payment between anyone, anywhere!

***And if you're an Online or Retail Merchant - you've got even MORE great reasons to come learn about DASH!***

Because DASH is a fast, private, secure (and nearly free!) way to receive value from your customers for your goods and services - Accepting DASH can ultimately save you significant amounts of overhead costs associated with accepting other forms of payment, like cash, checks, and credit cards.

DASH payments can be sent and received instantly, privately, securely, and with finality – meaning there are NO CHARGE BACKS against DASH Merchants, ever! (Yes, you read that right..)

## **Get DASH! Northbay's Meetup Location & Time:**

Monday 4:00-7:00pm (Happy Hour is 4-6 so get there early!)

**Fogbelt Brewing Co.** was founded in 2013 in Santa Rosa, CA. and is named after the area along the Northern California coast where the coast redwood trees grow; from Big Sur to the Oregon border. Fog from the coast fosters a unique ecosystem known as the "fog belt".

Grab a friend (or the family!) and head to Fogbelt Monday evening to enjoy a delicious craft beer, an artisan appetizer or few, and have some fun learning about DASH: The World's Best Digital Cash!
